BookSpring, TCMS, and TCMA has a long history that is thriving today. The current BookSpring ReadWell program is alive and well throughout Travis County pediatric offices. The program ensures that children birth to age five have access to over 25,000 books each year and develop a lifelong love for reading. Dr. Karen Haslund was once quoted as saying "Second to immunizations, this is the most important thing I do as a pediatrician." This is still true today Dr. Haslund!
